Member Testimonial

"I have been working with Julie since May and in just that short amount of time the mental and physical changes a personal trainer has brought to my life are amazing. One of my top goals is to run a 5k. Hiring a personal trainer has made the "how to train" dilemma so much easier. Now I am not only pushing myself through tough workouts with a trainer, but also following prescribed workouts all by myself! Having a personal trainer who is there for you any time you need encouragement, have questions or need support is an amazing feeling. I look at pictures of where I used to be and I don't even recognize that person. I have learned how to live a more active and balanced lifestyle and I couldn't be happier.
