**In the event that you do not wish to fill out the Child and Adult Care Food Program (CACFP) Form, please read the following, sign and date as noted at the bottom of the page.**

The Child and Adult Care Food Program (CACFP) is designed to provide aid to child and adult care institutions and family or group day care homes for the provision of nutritious foods that contribute to the wellness, healthy growth, and development of young children, and the health and wellness of older adults and chronically impaired disabled persons. Through CACFP, more than 4.2 million children and 130,000 adults receive nutritious meals and snacks each day as part of the day care they receive.

The YMCA benefits from families and parents filling out the CACFP form by receiving funding for food for the children of those who fill out the form.

I/We understand the benefits the YMCA and other programs received by filling out the CACFP form.

I/We decline to fill out the CACFP form for, including but not limited to, any of the following reasons.
